Well presented semi-detached bungalow property with sea views and just a short walk from the beach. Appointed to a good standard the property is in move in ready condition. The lounge and dining area is notably spacious and both bedrooms are good sized doubles. The kitchen is complete and a practical size. The family bathroom offers a good sized shower and is fully equipped. Outside the property has a private and secluded side terrace which gets plenty of sun and can be used for dining. The perfect barbecue location. The community grounds are ample for the small number of neighbours and the pool is immaculately maintained. A real temptation.
