126m²

A great opportunity to purchase this semi-detached traditional style property. The house is on two levels and you enter directly into the top level with bedrooms and one bathroom. Also on this level is a fabulous, sunny terrace with panoramic sea and country views. On the lower level is a second bathroom, living room and open plan kitchen. Here, on this level, you also have a second in door terrace. The property needs modernising but the work is only aesthetic and at minimal cost.
