54m²

Unbeatable location. Situated within the Benamara urbanization of low Andalusian style buildings spread over beautiful mature gardens, featuring a gigantic swimming pool, small charming plazas and with direct access to the renowned Salduna Beach. All amenities are within a short stroll from the apartment. The property is south west facing with a nice partly covered terrace. The apartment consists of an open plan kitchen/dining/living area with a fireplace. The bedroom has an en suite bathroom and own exit to the back of the building. An excellent opportunity as a rental investment or as an easily maintained beachside holiday home with low running costs.
